Casey,

Will it be possible to record the upcoming meeting?

Can you confirm that the meeting will take place without any McKesson participation? I don't want to be blindsided at the last moment by Jean Mescher or her attorney, as I was in Arkansas last April.

The ADEQ staff whom I feel are important are listed in the draft. I particularly hope that both Director Marks and Managing Attorney Harrelson will make time to attend.

Thank you.  
Curt
